Remarks

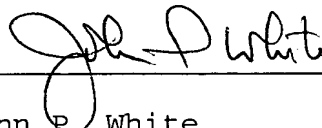

In the September 24, 2004 Notice of Drawing Inconsistency With Specification, an inconsistency was noted between the drawings and the Brief Description of the Drawings in the specification. Specifically, Figure 6 was listed in the Brief Description of Drawings in the specification but not contained in the Drawings. Further, Figures 6A and 7 were contained in the Drawings filed on September 2, 2004, but not listed in the Brief Description of the Drawings in the specification.

In response, applicants attach hereto as **Exhibit A** two (2) sheets of new, corrected formal drawings for Figures 6A and 6B.

Further, applicants have amended the Brief Description of Drawings in the specification to contain the correct Figure reference of "6A" and "6B". Applicants maintain that the above amendment is not an issue of new matter and is supported, *inter alia*, by the original figures 6A and 6B as filed.

No fee is deemed necessary in connection with the filing of this Amendment. However, if any fee is required, authorization is hereby given to charge the amount of any such fee to Deposit Account No. 03-3125.

Respectfully submitted,
